

QUICK & EASY Website Planner

HAPPYHEARTHQ.COM

Planning it out!

When you are getting started with your new website, it will massively help if you to get it all mapped out first! There are key pages on a website that often get forgotten (including your about me page).

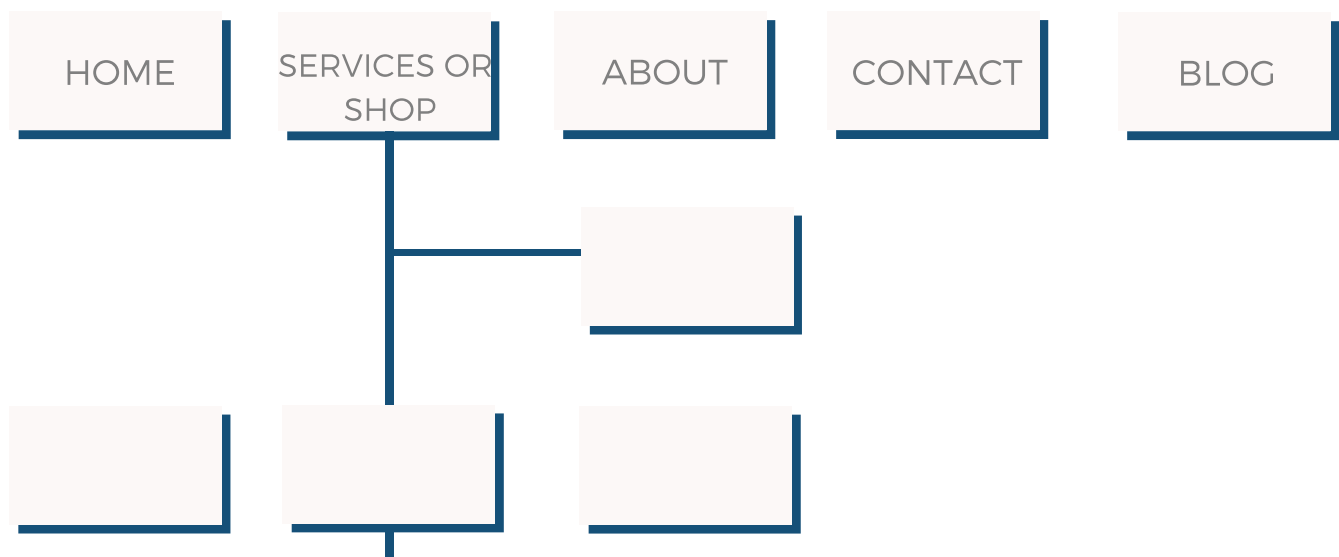

A brochure style website usually includes 5-6 pages including Home, About, Services, Contact and Blog. You can easily grow your website by integrating shops, membership areas, podcasts, and booking systems.

BLOG: I highly recommend you have a blog on your website. I have covered the reasons why under the blog section, displaying a blog on your home page allows your users to learn more about who you are and how you can help them! It keeps them engaged on on your website for longer and also is an opportunity to link it what you sell.

This area will automatically update when you add new blog posts. You can also delete it if it's not required.
